

## Turkey and Duck Hatchers

Chick Master offers a complete range of hatchers for the Avida and Buckeye series of Turkey and Duck setters.

They offer the ultimate in bio-security with all internal walls and many internal components made of stainless steel to reduce the areas where bacteria can breed.

Because duck eggs require much higher levels of humidity throughout the entire incubation process all Avida and Buckeye Duck Hatchers incorporate a quadruple Cyclomist™ humidity spray nozzle to provide the optimum environmental conditions for ducklings to hatch.

Turkey Hatchers employ a specially designed Hatcher Trolley system that allows the poult to develop properly in the critical period after hatching and before transfer.

**Bio-security:** All systems designed for simple and complete cleaning.

**Turkey Hatcher Trolley:** Specially designed to allow poult to develop properly after hatching.

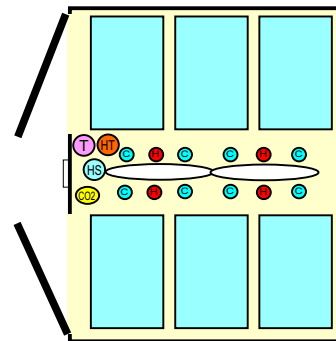

**Stainless Steel interior walls:** All interior walls and many interior fixings are made from stainless steel.

**High quality Hatcher baskets:** strong stacking plastic hatcher baskets designed for the rigours of hatchery use.

### A168-120 Duck /TurkeyHatcher Internal Layout

### Increased humidification for Duck Hatchers:

Avida and Buckeye series Duck hatchers incorporate up to three extra humidity nozzles to provide the optimum environmental conditions for developing ducklings.

### Technical Specifications

Model/Tray	Capacity	Width	Depth	Height
H168T, H168D - 120	20,160 eggs	3,440mm (11'4")	2,820mm (9'4")	2,834mm (9'4")
H168T, H168D - 46	23,184 eggs	3,440mm (11'4")	2,820mm (9'4")	2,834mm (9'4")
H112T, H112D - 120	13,440 eggs	3,440mm (11'4")	2,100mm (6'11")	2,834mm (9'4")
H112T, H112D - 46	15,456 eggs	3,440mm (11'4")	2,100mm (6'11")	2,834mm (9'4")
H84T, H84D - 120	10,080 eggs	1,955mm (6'5")	2,820mm (9'4")	2,834mm (9'4")
H84T, H84D - 46	11,592 eggs	1,955mm (6'5")	2,820mm (9'4")	2,834mm (9'4")
H56T, H56D - 120	6,720 eggs	1,955mm (6'5")	2,100mm (6'11")	2,834mm (9'4")
H56T, H56D - 46	7,728 eggs	1,955mm (6'5")	2,100mm (6'11")	2,834mm (9'4")

Chick Master reserves the right to change the information herein at any time and without notice

*Hatchers available in both sliding and swinging door design.*

*Classic VF66-120: hatches up to 11,592 poult*

*Genesis IV Control: Touch screen simplicity and complete system control at your fingertips.*

## Vertical Fan Series Turkey Hatchers

This range has been specifically designed for Classic Series Turkey Fixed Rack setting systems.

Features include: automated, self-adjusting, air intake damper that regulates the flow of fresh air and maintains a precise temperature and humidity environment. Compact rollout fan design providing unobstructed access to interior surfaces for cleaning.

The VF66 and VF 64 modes are available in either swinging or sliding door design to maximize the hatcher corridor working area.

### Technical Specifications (Setter C504)

Model/Basket	Capacity (turkey)	Width	Depth	Height
VF66 - 46	8,694 eggs	12'3.68" (3.75m)	5'10.5" (1.79m)	8'0.5" (2.45m)
VF64 - 120	7,560 eggs	8'2.56" (2.5m)	5'10.5" (1.79m)	8'4" (2.54m)
