

## MEET YOUR

## CHICK MASTER TEAM - USA & CANADA

Federico Sanchez

Under the leadership of our VP of Sales and Marketing, Federico Sanchez, Chick Master's US and Canadian Team are expertly skilled and experienced in the industry. They understand the importance of providing the highest quality customer service and work together to ensure they understand the needs of your hatchery. No matter your location, you will always have a Chick Master team member there to help your hatchery **thrive and grow**.

## “YOUR HATCHERY, OUR PRIORITY”

Lou Sharp

Director, North American Sales  
lsharp@chickmaster.com

Lou has been involved in the Poultry Industry for nearly 38 years. Aside from knowing all things related to incubation and ventilation equipment, he also has a background in feed milling equipment and hatchery automation. Back in 1991 as General Manager for Breuil/Sharp Automation Inc., he introduced hatchery automation technology into the USA and Canada. Today his name is still synonymous with the poultry industry.

Chad Daniels

Hatchery Specialist Manager  
cdaniels@chickmaster.com

Chad is a graduate of the Northwest Arkansas Technical Institute specializing in refrigeration and electrical controls and automation. With special focus on hatchery design, operation and product development, Chad is responsible for providing technical services to our customers throughout the world. His 30 years of experience has also made him a very reliable and knowledgeable resource in hosting many of Chick Master's global events.

William Dilworth

Field Service Manager  
wdilworth@chickmaster.com

William (Bill) Dilworth is our Field Service Manager in charge of all installation, service, warranty and scheduling for the Americas. Bill has significant experience in managing maintenance operations for manufacturing companies related to design, fabrication, commissioning and repair, and has also managed many capital equipment purchases as project manager.

Julien Lenglet

Sales Manager  
jlenglet@chickmaster.com

Julien is responsible for sales and marketing activities mainly in the North East of US and Canada. Originally from France, Julien also supports Chick Master customers in French speaking countries. A highly motivated and enthusiastic individual, Julien wants to create and build long lasting relationships to make sure the customer understands that Chick Master is the partner of choice when it comes to incubation and ventilation equipment.

Kathy Nemeč

Sales Coordinator  
knemeč@chickmaster.com

Kathy Nemeč joined our sales team as a Sales Coordinator after nearly 15 years in the Installation / Field Service department, where she worked closely with our technicians and installers. Her exceptional work ethic is evident in her ability to manage multiple assignments while always prioritizing the needs of our customers. Having lived in Argentina for most of her adult life, Kathy is also the go-to for all Spanish translation needs.

Mike Justice

Technical Service Rep.  
mjjustice@chickmaster.com

Mike Justice is a technical support specialist providing our customers and technicians with a wide range of service solutions. Mike has an extensive background in industrial electronics and machine assembly and takes pride in providing honest, caring, and professional support to all our customers worldwide.

Marilyn Sarduy

Sales Coordinator  
msarduy@chickmaster.com

Marilyn, who is bilingual in both Spanish and English, started at Chick Master in 2003 as a Sales Assistant where she handled the parts quotes for Latin America and the Caribbean. Throughout her time with the company she has assisted in many different tasks, making her well rounded in all areas related to customer service. Currently as a Sales Coordinator, Marilyn is responsible for all the parts quotes in North America.
