

Ventilation Upgrade Kit (without Fan Boards)

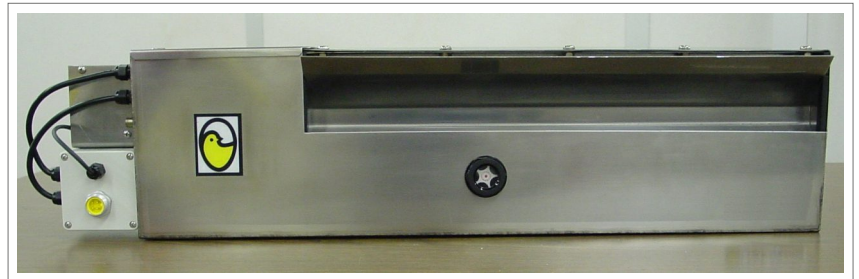

Enhance your current Chick Master setter with the latest technology in humidity and heating, plus remove existing copper ducts for optimal setter hygiene, airflow and performance

- Upgrades the heating system with new fan-mounted heating elements, providing better distribution of heat
- Upgrades your humidity system to Ultrasonic Humidity System or Cyclomist to deliver humidity directly into the airstream
- Reduces your operating and labor costs by eliminating the need to maintain, clean or replace ducts
- Plastic Fan Board Upgrade Kit is a great complement
- Simple to install, requiring minimal time and labor

New ring heating element mounted on the fan

Ultrasonic 'airless' humidity system
